

Thermally separated ceiling connector

Precast reinforced concrete parapet

Double-wall masonry

Detailed view of parapet, preconfigured | Roof edge structure

DCIK 40-05-BVD | M 1 : 10

Component, example	
①	Exposed brickwork, clinker
②	Masonry wall or reinforced concrete wall
③	Interior plaster
④	Insulation
⑤	Sloping insulation
⑥	Parapet, precast reinforced concrete
⑦	Schöck Isokorb® CXT type F
⑧	Thermal insulation, mineral wool
⑨	Rear ventilation, cavity wall tie

Component, example	
⑩	Reinforced concrete ceiling
⑪	Protective fleece
⑫	Slab with support system

Note: This detailed view is a general, non-binding planning proposal which only provides a schematic overview of the construction work. The planner and processor are responsible for checking applicability and completeness for each construction project. Adjacent components are only shown schematically. All specifications and assumptions must be adapted or coordinated to local conditions. The respective technical specifications of the data sheets, processing guidelines, standards, and system approvals must be observed. Balconies, arcades, and canopies require their own statics.
